EDUCATION

Bachelor of Science, Computer Science
The Honors College at Stony Brook University, expected May 2014
Awarded Salutatorian and Presidential Scholarships
GPA: 3.4/4.0

EXPERIENCE

Software Development Intern — Summer 2013
Delhi Telephone Company, Delhi, NY
- Developed internal web-based project management software from scratch with PHP and JavaScript to replace Microsoft Project. The application was similar to a spreadsheet but the cells had predefined functions. Allowed scheduling and assignment of projects, tasks, and subtasks in a collapsible UI.

Tennis Instructor — Summer 2012
Village of Walton, NY
- Taught 20 elementary school aged kids to play tennis.
- Planned all activities myself, with minimal oversight.

SKILLS

Languages: Python, Java, JavaScript, Scheme, PHP, Prolog, C, C++, Objective-C

ACTIVITIES

Stony Brook Computing Society — 2011-Present

- Served as Vice President during the 2012-2013 school year. Ongoing leadership.
- Planned numerous career-building, educational, and outreach activities.
- Grew active club membership more than tenfold.

Hackathons — 2012-Present

- Built *What's Your FB Sin?* at *McHacks*. The app analyzes Facebook posts using the Google Prediction API and advises the user on which of their posting habits is most irritating. See http://whats-my-fb-sin.com/.
- Created a responsive web app for location based games at *PennApps*. We later used it to run a puzzle hunt for the Stony Brook Computing Society.
- Built Scrapey, a simple-to-use web scraping tool, at *HackMIT*. Scrapey is a Chrome extension that allows visual selection of data by HTML classes.
- Also attended *MHacks* and Google's *24 Hours of Good* (twice).

Senior Honors Thesis Research - Prolog Cloud — Fall 2013-Spring 2014

- Developing a web-based IDE for XSB Prolog.

Boy Scouts of America

- Awarded the rank of Eagle Scout, scouting's highest honor.

Blogging — 2010-Present

- I have a personal blog at http://ctogden.com/ and maintain several others.
